GENERAL REVIVAL IS IN PROGRESS.

Christian Men And Women, Lead
By Rev. Newsom, Seek Greater
Religious Activity In The City.

The revival in progress at the M. E. church, South, is attracting more attention and arousing more interest than any similar meeting in this city for several years. It is not merely a Methodist revival but a general revival. Large numbers of men and women of the city intended that it shall be such and are assisting Rev. J. T. Newsom who is holding the services, to make it such.

Since Tuesday of last week Rev. Newsom has preached twice daily, at 2:30 o'clock in the afternoon and 7 o'clock in the evening, and Sunday at 11 o'clock also, and he will continue these services throughout the week. Large, attentive congregations have heard his sermons, earnest, plain-spoken and full of truth, that find ready entrance to the hearts of his hearers and implant there a desire for better living before the world.

The work of awakening greater religious activity among the people of Cloverport is being pushed systematically by Rev. Newsom and the Christian men and women of the city, especially the latter, whom Rev. Newsom has been organizing for the purpose of conducting a thorough canvass from shop to shop, store to store, etc., in the interest of the revival among the men of the city. Special meetings are being arranged for the coming week, and there are other features, which will be found in the notes below, intended to assist in making the revival a success.

NOTES.

Excellent music and singing assist materially in making the revival a success. The singing is done by the combined choirs of the Methodist, Presbyterian and Baptist churches, accompanied by the following musicians: Misses Ida and Mamie White on the organ and piano, and Messrs. Geo. Hutchings, of Trenton, Ky., and Will Mitchell, of Elkhorn, Ky., on the sliding trombone and cornet. At several services Libton Smith, violinist, has assisted the other musicians.

Rev. Newsom preached an excellent sermon Sunday afternoon to young men and young women, being held every afternoon in the Sunday school room at 2 o'clock.

This afternoon Rev. Newsom will preach at the Henderson Route shops, from 4:30 to 5:30 o'clock, to the employees of the railroad.

Sunday afternoon Rev. Newsom will preach a sermon for men only, boys fourteen to be excluded. Rev. Newsom will preach on scientific and psychological facts pertaining to the welfare of man.

A special service for railroad men and their families will be held by Rev. Newsom next Friday evening.

The attendance at the evening service was the largest since the beginning of the revival, showing that interest is rapidly growing. Every seat in the rostrum, church proper and Sunday-school room was filled. One man present hadn't been in church in seven years. There were a number of conversions.

The invitation to attend the revival is cordially extended to all. Hundreds have heard one or more sermons and no one can afford to miss an intellectual and spiritual treat like that which is now afforded.

With leaders like Rev. Newsom and Rev. King, great work will be done.

Safe Cough Medicine For Children.
In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by Short & Haynes.

A GREAT REVIVAL.

The following are the results of the great revival in Louisville:

Estimated number who joined church Sunday, 1,000.

Estimated total number who professed faith in Christ, 7,000.

Total number who signed cards showing interest, 12,000.

Number who heard one or more sermons during the two weeks, 130,000.

CARD OF THANKS.

Mrs. Lydia Hand wishes to express her thanks to her many friends and neighbors for loving acts of kindness shown her during the late illness and death of her husband.

BIG INCREASE IN PROPERTY VALUE.

Total Amount Of Taxable Wealth
Of County Is \$3,854,869--News
Of Interest At Hardinsburg.

Hardinsburg, Ky., Feb. 28.—(Special)—County Clerk W. F. Hook has completed the recitation of the tax book for the year 1905. It shows that the amount of taxable property in the county is \$3,854,869. The increase over last year's list, which was \$6,762,220, The raised list, as finally fixed by the Board of Superintendents, was \$180,966.

The Cumberland Telegraph and Telephone Co., have granted to their subscribers at this place the privilege of using their wires to Irvington, free of charge. This is due to the business ability of their local manager, C. T. McClellan, who realized that a liberal policy would increase the business of the company.

Leslie Walker, of Kirk, has rented a store room in the Masonic Temple, where he will conduct a first-class bakery. He will commence business about the middle of March or the first of April. Mr. Walker formerly conducted a similar establishment at Fordsville.

Henry C. Jolly, the county surveyor, was ordered, in the case of Ralph Lucas on petition, to re-locate the new road, recently established running from Buras to the Custer road, along the line between J. W. Brown and Steve Davis and W. H. Carman. The road is to be located along the line as indicated in J. W. Brown's deed.

Malcolm Dowell has purchased the Ben-Hardin farm, lying near Rosetta, of Richard Witt. The consideration was \$2,000.

C. L. Hawkins has sold his farms to Frank Fraize, of Cloverport, preparatory to moving to Nebraska.

The trustees of the Baptist church will remodel their church building sometime in the early spring.

The Masons expect to have Gov. Beaman and his staff present at their festive on June 10.

In the county court Monday a judgment for \$150 and costs was rendered against the estate of Daniel Hayes, deceased, for back taxes.

Mr. J. M. Allen,

106 E. Jacob Street, Louisville, Ky., says: "My wife has for some time been troubled with rough hands and rattles. After using about one-half bottle of Far camph the trouble has disappeared, much to her satisfaction. I used it also on my sore foot, tender from much walking, and it gave me great relief." Paracamph makes the skin soft, smooth and healthy.

MISSIONARY MEETING.

The missionary institute held here on last Tuesday and Wednesday by Rev. P. C. Duval, was a most interesting occasion. The addresses and discussions were helpful and inspiring.

The woman's meeting on Wednesday afternoon was presided over by Miss Tula Daniel, who presented the work in the foreign field, and Miss Ada Lewis, who gave an exhaustive account of the home mission work.

A woman's home missionary society was organized with thirteen members.

JNO. BOWMERS DEAD.

Jno. Bowmer, an old and highly respected negro, died Monday morning at his house on the Stephenson Road, about six miles from town. Death was due to senility and a complication.

A wife and several children survive. The funeral was held yesterday.

MRS. DAVIS DEAD.

Gardfield, Ky., Feb. 28.—(Special)—Mrs. Steve Davis, who had been ill of consumption for nearly a year, died Feb. 21, and was buried here. She leaves a husband, four children, a father, two brothers, three sisters.

H. N. ADAMS KILLED.

Leitchfield Monday afternoon by a telegram announcing the death of H. N. Adams, who was killed in an explosion. Mr. Adams was a brother-in-law of Mr. Oelze.

GREAT ACHIEVEMENT.

Gondo, Switzerland, Feb. 24.—Piercing of the Simplon-tunnel through the Alps was completed at 7:30 o'clock this morning. The work was commenced in 1895.

Work was begun over seven years ago. The Swiss and Italian governments jointly financed the undertaking and share a alike, at the cost of \$15,000,000.

WINS A BRIDE IN SOUTHERN TOWN.

Wickliffe Dehaven, Of This City,
To Be Married To Miss Mattie
Clyde Bonner, Of Mexia, Texas.

Wickliffe Dehaven, the popular and well known Henderson Route engineer in this city, will be married to Miss Mattie Clyde Bonner, of Mexia, Texas, on Saturday evening, at 7 o'clock. The ceremony will be performed at the home of the bride's parents, Mr. and Mrs. W. E. Bonner, at Mexia. At noon tomorrow Mr. and Mrs. Dehaven will leave Mexia for a bridal trip to Houston, New Orleans, Mobile, Pensacola and other southern points. About March 10 they will leave for this city, when they will make their home.

Mr. Dehaven's approaching marriage is a genuine surprise to his friends, who had no intimation of his engagement to Miss Bonner until the invitations to the wedding were received. Mr. Dehaven met Miss Bonner in September, 1903, when she was the guest of Miss Etzel Oelze. Miss Bonner graduated from Jessamine Institute at Nicholasville, Ky., but also attended college at Georgetown, where she met Miss Oelze. Correspondence followed the first acquaintance of Miss Bonner and Mr. Dehaven. Last year, in the spring and in the fall, Mr. Dehaven made two visits to Miss Bonner at her home at Mexia—but ostensibly and as his friends thought, he went on hunting trips to the southwest—and their engagement followed.

Mr. Dehaven has been with the Henderson Route for about thirteen years and has been one of its most capable engineers. He has many friends here and at other points in the county. Miss Bonner is well remembered here as an attractive and charming young lady.

OLD MILLER ARRESTED.

Indianapolis, Feb. 25.—R. N. Miller, an attorney in the Baldwin block, has been arrested here for a charge of perjury. The Sentinel says the arrest is made.

Miller, affidavit sworn to by William Smith, who claimed that Miller swore falsely to a marriage affidavit that permitted Smith's daughter to marry John T. Cowles, a student at the Central College of Physicians and Surgeons.

The young people secured a license last afternoon and were married by Justice Stout. The next day Smith went to the County Clerk's office and, it is said, was assured that Miller had vouched to the statement that the girl was of marriageable age.

Miller declares that this is not the case and that he was a mere witness to the granting of the license.

Mr. Miller was formerly of this city and county attorney.

BY THE Tonic Route.

The pills that acts as a tonic, and not as a drastic purge are DeVille's Little Early Risers. They cure Headache, Constipation, Billiousness, etc. Early Risers are small, easy to take and a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by Druggists.

PROMOTERS' DUTIES.

An Associated Press dispatch from Indianapolis says: "The big deal to come up will be barley tobacco crop of 1904 which has been delayed off, but the efforts of the promoters of the Growers' Association will be concentrated on these three lines: Aiding Secretary Gutfeld, of the Bureau of Corporations in the investigation of the Tobacco Trust, proposed, in a resolution by Representative Keloe, of Kentucky; laying plans for keeping the farmers band-ed together to corner the crop of 1905; keeping the farmers from getting panicky, and urging them to send their crops to the Cincinnati market, where independents will have the same opportunity as the trust for bidding, thus maintaining prices.

PARTNER ARRESTED.

C. M. Smith, one of the proprietors of the Brandenburg Distilling Company, and son of Wm. and Anna Brandenburg of Anderson, Ky., was arrested at the office of United States Marshal A. D. James today on a charge of carrying on the business of a distiller with intent to defraud the United States of the tax on spirits distilled.

Mr. Smith is a partner of Thomas J. Greenwell, who was arrested in Collector's office several weeks ago on a similar charge.

The bond has not been fixed. Smith will be tried on the charge named above at the coming term of the Federal Court, which begins on March 13.—Monday's Louisville Post.

BIG APPROPRIATION.

Washington, Feb. 23.—Without a dollar being added or subtracted, the River and Harbor Appropriation bill passed the House today after the session had run well into the evening. The total amount carried by the bill is \$17,324,657.

POLITICAL NEWS

AT HARDINSBURG.

Democratic Committee Meets Next
Monday, May Call Primary-Lott
Favored By Many Republicans.

Hardinsburg, Ky., Feb. 28.—(Special)—Chairman Thomas J. Moore has called a call conference of county committee of the Democratic party, on Monday, March 6, for the purpose of fixing the time, place and manner of nominating the candidates for the various county offices. More candidates for office have entered the arena than were anticipated, and it is possible that the committee may order a primary, though the party organization hopes to avoid this necessity. At any rate the town will be full of candidates and their friends next Monday and a lively time is predicted.

Many prominent Republicans in this county favor the nomination of the Hon. John Y. Lott, of Lewisport, as the candidate for State Senator. They argue that the claims of Hancock county ought to be recognized. Mr. Lott is a gentleman of fine appearance and genial manners and is said to be a splendid stump speaker. Party leaders generally throughout the district think there is good chance to elect the nominee, and they expect to conduct a vigorous campaign. The nomination will probably be made sometime in the early summer.

R. N. MILLER ARRESTED.

Indianapolis, Feb. 25.—R. N. Miller, an attorney in the Baldwin block, has been arrested here for a charge of perjury. The Sentinel says the arrest is made.

Mr. Miller, affidavit sworn to by William Smith, who claimed that Miller swore falsely to a marriage affidavit that permitted Smith's daughter to marry John T. Cowles, a student at the Central College of Physicians and Surgeons.

The young people secured a license last afternoon and were married by Justice Stout. The next day Smith went to the County Clerk's office and, it is said, was assured that Miller had vouched to the statement that the girl was of marriageable age.

Mr. Miller was formerly of this city and county attorney.

SIMPSON DUNCAN DEAD.

Simpson Duncan, age fifty, died last Friday morning of cancer of the head, after a lingering illness of several years. He was a son of the late Phillip Duncan and was born and reared here. He was a brother of Mrs. R. B. Pierce and Henry Duncan.

The funeral was held Friday afternoon, the interment being at the Murray graveyard.

Col. Lafe Green, of Falls of Rough, was here Sunday.

The Owensboro Inquirer stated last week that President Dunn of the Daviess county union of the American Society of Equity, had received word from Ohio, Hancock and MeLean counties that a very large quantity of tobacco from these counties will be sent to Owensboro and stored there, an amount of \$4 a hundred pounds to be made to the growers on the warehouse plan described in the News last week. In this connection the Inquirer says: "Inquiries are also coming from Breckenridge county, and next week a man will be sent to that county to solicit tobacco. The four counties name a certain class of tobacco which is different from that of any other section of the dark district, and the control of it would put the society in a position of invincibility."

The Hancock county union of the American Society of Equity has adopted the following resolution:

"Whereas, the members of the A. S. C. E. are thoroughly determined to sell their tobacco for 'three eights,' or not sell at all, and"

"Whereas, our sister county of Henderson has appointed a committee to consider with the counties of Webster, Union and Daviess upon a proposition to scale the price a small fraction therefrom it be resolved,"

"Resolved, That we are opposed to taking any backward steps and that the members of the A. S. C. E. of Hancock county, Ky., do hereby implore the above named counties to stand pat on 'three eights.'

In the House Judiciary Committee Saturday D. H. Smith called up the Kehoe Tobacco Trust resolution, and but for the absence of one Democratic member it would have been favorably reported to the House. The vote was a tie, and as a compromise it was decided that Mr. Smith should confer with the Attorney General, and if that official offers no objections the resolution will be favorably reported.

The buyers of the tobacco trust and the people who still doubt that the farmers can stick together, said, during the recent cold weather, that the price of tobacco would be held down.

It was believed there was a tobacco season. The damp weather following the cold spell made a tobacco season and much tobacco was put in shape for the market, but practically none is being delivered to the disappointment of the buyers.

GRASPING REALLY VITAL PROBLEMS.

Roosevelt, Without Any Fear Or Falter, Seeks To Shift Load Of Wrongs Of Common People.

President Roosevelt, through his alertness and fearlessness in ordering investigations of the oil trust, the tobacco trust and the meat trust, has won the warm praise and gratitude of the vast majority of American people, regardless of party affiliation. He has also won the hearty endorsement and praise of Democratic as well as Republican papers and all are urging that the fight be pushed against these great aggregations of capital which have preyed on the common people as the octopus preys on the smaller fish of the sea. Here is what the Cincinnati Post says about Roosevelt, The Man:

"With firmness equal to his fearlessness, President Roosevelt has grasped hold upon the really vital problems of this Nation's destiny."

"He has ceased to be a politician and has become the statesman. The difference is marked. The statesman is the driver who holds the reins and whip and controls the brake, while the politician sits in the coach arguing about its destination."

"Roosevelt is not a Republican President, but is the President of all Americans; he is appreciated by the spirit and purpose of all the masses. His sympathies are with the burden-bearers, and are alive and keen."

"The ever-increasing load of wrongs which for years the common people have sought to have lightened and have failed in their lack of concentration and capable leadership—Roosevelt has resolutely seized and is seeking to shift."

"Other Presidents have equivocated and compromised, failing to comprehend or fearing to grasp the one great question that for two decades has filled the hearts of the American people with discontent and misgivings; Roosevelt does not for a moment fear or falter."

"For him the powerful trusts have no terrors. Within him is the virile spirit of the people and supporting him is the irresistible strength of a nation of freemen."

"If heretofore the trusts have seemed stronger than the Government it has been because the trusts have had stronger men at the helm; when then the Government had at its head, Today, the situation is being reversed."

"A man has appeared in the Presidency who is worthy of his high place."

"He is demonstrating the real meaning of self-government. The confused bubble of discontent is being electrified by him to clear speech. The indefinable longings or millions are being molded into definite policy."

"Washington and Lincoln taught the world to know us. Roosevelt is teaching us to know ourselves. They would be independent and union; he is developing our manhood and self-respect."

NOMINATION RATIFIED.
Washington, Feb. 23.—The Senate today confirmed postmasters for Kentucky as follows: John H. Rowland, Cloverport; R. B. Boulden, Millersburg.

This great stock medicine is a money saver for stock raisers. It is a medicine set a charm for all condition power. Though put up in coarser form than Thedford's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of high value. It cures constipation, stimulates the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in the food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives the best results of all kinds of new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price.

Help for Women Passing Through Change of Life.

Problems are scattered us each at least seven years in which to fulfil our mission in life, and it is generally our fault if we die prematurely.

Mrs. Mary Koehne

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes difficult and you are in a few hours without excessive fatigue, and you break out into perspiration easily, and your face flushed, and you grow excited and nervous, and you feel that you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up again. In the women's nervous system and during the period of change of life we know of no better remedy than Lydia E. Pinkham's Vegetable Compound. It is in Illustration, Mrs. Mary L. Kochne, 371 Garfield Avenue, Chicago, Ill., writes:

"I have tried Lydia E. Pinkham's Vegetable Compound, and I must say I never disappoindt so when I felt that I was nearing the change of life. I commenced treatment a few months ago, and it did me a great deal of good. It stopped my dizzy spells, pains in my back and head, and my heart trouble. I have been ill for months before taking the Compound. I feel that if it had not been for this great medicine I would not be able to live all day to day. It is splendid for women, old and young, and will surely cure all female complaints."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

Up in Meade.
(Messenger.)

Paul Wheeler and Wm. S. Watney, of Rhodales, were in town Wednesday having brought up 500 dozen eggs, 150 pounds butter and a large lot of chickens. The river being frozen all produce from the lower end of the county had to be hauled here for shipment.

They are off. The fees have been paid and the drum has tapped and the candidates before the March primary have turned around the curve into the home stretch and are now running for all there is in sight. They will pass under the wire March 4, and several neck and finish snakes are expected.

Simon Peter Saunders, one of Meade county's oldest and prominent citizens, passed to his reward Thursday. He had been ill for several weeks of pneumonia, which caused his death. He married Miss Elizabeth Allen, who died about four years ago. Mr. Saunders was the father of eight children, four boys and four girls, of which the three oldest are dead. Mr. Saunders joined Buck Grove church in 1860 and lived a faithful member for almost forty-five years. He was the oldest member of the church at the time of his death. He was clerk of Buck Grove church from 1861 to 1865; trustee from 1870 until his death; treasurer from 1886 to 1889 and a deacon from 1876 until his death.

The funeral took place Thursday from the Buck Grove church, Revs. E. K. Shultz and D. F. Shacklett officiating, and the interment in the Buck Grove cemetery.

REDUCED ACREAGE.

The question of reducing the tobacco acreage throughout the dark belt this year meets with universal consent and acquiescence among the organized planters. This course will greatly simplify the situation for the next crop and en-

ables planters not only to hold their tobacco, controlling the market and prices, but obtain more for one acre's product than heretofore realized on two or three acres, making better tobacco with less labor and better yield per acre. Meanwhile the farmers will be able to meet yearly or monthly the expenses of the farm by producing more of other crops, which are done in three months time and are marketable all seasons of the year. They will thus be able to hold back their tobacco until the demand exists for it at good prices.—Nashville Banner.

THOUGHTS.

"As no atom of earth perishes, so shall no soul perish or lose its personality. The real acorn, the real grain of wheat does not perish, or lose its identity in dust. It is only the worthless grain and the husk and shell that pass back to the common mould. So then, if you want immortality, make it. If you want your soul saved, make it worth saving."—Joaquin Miller.

WHEN temper is lost, your religion is lost, so is your business.

THE only sure way to make things come your way is to go after them early and often.

Hrr hard and smile the while is Brother Newson's way of reaching men and women.

The good sisters of this town are on the move and when they get on the move the devil gets out.

It's only a little March of thirty days 'till spring. So heads up, eyes right, keep step and we are there. And then what? Just keep marching.

ENTHUSIASM is Brother Newson's keynote. He has it. He also has the energy, the courage and the happy gift of keeping pleasant with it all. No wonder success attends him.

A little ginger in your business, in your efforts, in your religion, in whatever calling, so it is manly and right, helps. Strike early, often and in the same spot, always remembering to temper your licks with courtesy and a smile.

STOCKHOLDERS in the canning factory received their six per cent. dividend on stock last week. This is about the first and only enterprise for Cloverport where the stockholders have gotten any returns. And they have invested thousands of dollars. Things are coming our way now. It's a long lane that has no turn. We still have faith in old Cloverport.

BROTHER NEWSOM takes the short, strait cut. He knows men and women better than they know themselves. And knowing them, he reaches them. All men know the truth when they hear it. And when they hear it with good reasons, plain and simple, and Christ-like they are moved. It's the reaching and the moving of men that tells in any time of action.

DON'T forget our guessing contest. It will be your last chance to strike a fortune at so little cost and effort. All you have to do is to guess the amount of money paid into the Treasury Department at Washington on the 27th day of March, 1905. Here's the way the treasury receipts are running now:

In "The Cosmopolitan" for March David Graham Phillips has an article on "The Empire of Rothschild" which is peculiarly interesting at the present time, in view of the fact that the house of Rothschild has recently sent to New York two of its sons to learn banking and finance as practised in America. These representatives of the generation that will in a few years control the destiny of the house are working as clerks in the office of a New York firm. Mr. Phillips tells graphically the history of this mighty European "first-class power" and describes the principles, methods and purposes which have guided it from its founding in the early days of the last century.

H. J. LAMAR, the prominent Georgia cotton grower, has addressed a plea to southern farmers. What he says of cotton applies as well to growers of tobacco. He says in part as follows: "Now that the cotton growers' convention, at New Orleans, has met, and decided upon the 'modus operandi' of conquering the foes of the cotton industry of this country and whose duly appointed officers are now in the act of inaugurating the plan throughout the entire cotton belt in every county in every state and every militia district of every county, let us rally to their aid and lend them every encouragement possible in the premises, not only by meeting together at the designated places, but insisting on our neighbors doing so, by so doing, and working hand in hand, and shoulder to shoulder, we will place ourselves in the position of defeating our enemies and holding our own against any and all comers. There never has been the time in our history when we were so well prepared to do battle with them as now, and the opportunity will never again perhaps be given us to throw off the galling yoke which we have chafed under, for so many long years."

THE tobacco trust claims that it has twelve millions of pounds of tobacco on hand. What if it has? How long will this amount last the trust which uses half a million pounds a day. We heard nothing about this vast supply until the farmer began to think for himself and wanted a say in the price. You wouldn't have heard anything about this big stock on hand this year, either, if the trust could have bought the present crop at two fours and one, just as they have been doing for years. The cotton crop is not unlike the tobacco crop. The same

conditions prevail in one as in the other. The size of the cotton crop has very little to do with the price of cotton. In 1888 and 1899 the cotton crop was a little more than 11,000,000 bales and sold at 5 cents. In 1903, the crop was 10,700,000 bales, about 5 per cent. less than that of 1899, and brought 15 cents. And now the crop of 1904 is only about 8 per cent larger than that of 1903, and down goes the price to 6 cents, less than half the price in 1903. Does the law of supply and demand prevail in this instance or is it the imagination of the speculators? The farmer has the long end of the string in both cotton and tobacco and it remains entirely with him whether he holds it or not. Our advice to the farmer is to keep holding if it takes all summer. And we would further advise him not to plant a big crop, cut it at least 25 per cent. This will give him another hold on the string.

A BANK'S NEW PLAN.

"I see where a New York bank has

shown a great deal of enterprise, and at

the same time tempted its female

depositors to save."

To put a way in the words of Senator H. H.

Kingsbury of Irvington, Wednesday,

while enjoying his holiday.

"The plan of this bank is an excel-

lent one, for it gives the woman a

safe place in which to carry money

and also insures increased deposits

for the bank."

"It is simply this: A garter with

a pocketbook attached, is given to

every female depositor, and it is need-

less to say it catches the feminine eye.

The garters themselves are very

stylish and serviceable, and the purse is

so arranged that it can be slipped off

of an old garter and replaced on a new

one. The purse is neat and convenient

affair, and is a great help to women."

"Many women with jewels or mon-

ey which they wished to carry with them, and did not care to wear, would

drop them into their stocking. This

was uncomfortable and at the same

time caused an ugly knot on the

ankle."

OBITUARY.

Henry W. Basham, born in

Breckenridge county, Oct. 30, 1832

and died Feb. 18, 1905. He was mar-

ried to Mary J. Ray Dec. 3, 1852. To

this union was born one child, Frank

W. Basham, of Cloverport. He prof-

essed Christianity when nineteen years

of age and joined the Baptist church at

Walnut Grove. He lived in that church

for about nine years, when, for con-

fession, he became a member of the

M. E. church, Somers Union Sec-

ond and lived a consistent member of

the remainder of his life.

Mr. Basham had been a sufferer of

cancer for about twenty-eight years,

but was able to do his work until the

last year. During his illness he often

shouted and rejoiced in the Lord,

knowing he had a brighter home on

high and often saying he was ready

when the summons came. Rev. E. M.

Gibbons, his pastor, preached an im-

pressive and appropriate sermon from

the text, "Blessed are the dead which die in the Lord," and his remains

were laid to rest Sunday, Feb. 19,

1905, in the Raymond cemetery. He

leaves a wife, one son two grandchil-

dren and three brothers and one sister,

and a number of relatives and frien-

ds morn his loss.

CARD OF THANKS.

We desire to extend our sincere

PROVERBS

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i.e., a sample free.

Be sure that this picture is in the form of a label on the wrapper of every bottle of Emulsion.

Dr. R. P. Keene, the dentist, returned Saturday to Owensboro, after a week's stay here. Owing to the large amount of work he had to do on his last trip he couldn't complete it, and has, therefore, decided to remain here longer on his next trip, which will be from April 10 to 20. Though his time will be extended on his next trip, it will be necessary for you to make your engagements with him early.

ICE GORGES BREAK.

Ice gorges at various points in the Ohio broke the latter part of last week and are now running out. Only a few boats were damaged by the moving ice. The steamer Big Kanawha sank by the ice at Mayville, the Conveyor was damaged at Evansville and the wharfboat at Leavenworth was wrecked.

The ice at this point first moved Wednesday afternoon but soon gorged again. Thursday morning it moved again and the river was clear of ice, with the exception of shore ice, Thursday afternoon. Ice is still floating by from big gorges that have broken above here and navigation cannot be resumed for sometime yet. Local craft escaped injury from the moving ice.

March during the revival at the Methodist church.

Last Wednesday, the 17th anniversary of the birth of Geo. Washington, was observed here in the usual way, the postoffice and banks being closed and the majority of the citizens taking a holiday. The K. P. supper was held in the evening at Oelze's Hall.

A "gang" of "knights of the road" have gathered to beg about town the past week, though they were not in evidence during the colder part of the winter.

The case of Price Ray, charged with conducting a public auction without license, in police court, was continued until next week, on account of the illness of Judge Wills, who has been ill since last Wednesday with a gripe.

It is understood that a member of one of the Cloverport local unions of the American Society of Equity offered to sell his tobacco to a local buyer for less than \$8 round, that the buyer refused to buy and told the grower to hold his tobacco and remain true to his promise to hold his crop for the Lynchburg price.

Mr. and Mrs. C. E. Keil will leave next Monday for New York city, where they will reside. Mr. Keil has secured a more lucrative position in New York than he has had at the Henderson Route shops.

Julian Brown is having building material put on the ground for his old stable and feed store, which will be half brick and half frame and will be erected on a lot east of Mr. Hammon & Son's store.

PYTHIANS HAVE A
DELIGHTFUL TIME.

Members Of The Local Lodge And
Their Families Enjoy Supper
Celebrating Founding Of Order.

About 200 persons, members of the local lodge of Knights of Pythias and their families, enjoyed an elaborate supper given at Gehr's Hall last Wednesday evening. The supper was given by the lodge to celebrate their forty-first anniversary of the order of the Knights of Pythias, which was founded by a small number of men at Washington, February 19, 1864, and now has a membership of about 700,000. As February 19 fell on Sunday this year the date of the supper was extended to Washington's birthday, February 22.

The supper was served in four courses and was one of the most elaborate ever given at a fraternal affair in this city. There were five long tables which were attractively arranged. Throughout the evening excellent music by the Hawesville string band of seven pieces, added to the enjoyment of the occasion. One feature of the evening was an appropriate talk made by E. L. Odile.

The lodge had a free conveyance for all who attended the supper. The members of the lodge who resided at Tottenville could not attend because the rotation condition of the ice on the river made crossing dangerous.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily, conscientiously recommend Chamberlain's Cough Remedy for afflictions of the throat and lungs," says Hon. John Shenick, 229 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overexposed, which irritated my throat so much I could hardly complete to speak as I could not speak alone. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on taking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by Short & Haynes.

BEEF TRUST HARD HIT.

President Roosevelt, through the machine of Attorney General Moody's department, has fired the opening gun of active warfare against the beef trust. After eight months of quiet but exhaustive investigation and several weeks of secret special preparation, simultaneous attack in fifteen different cities has been made upon the combine. Nearly two hundred clerks, managers and agents of the various packing firms have been summoned to appear before a special grand jury in Chicago on March 20 in an attempt of the federal authorities to secure indictments against the packers for violations of the Sherman anti-trust law.

The Colonel's Waterloo.

Colonel John M. Fuller, of Eoney Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicines on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure, Dystopia, Biliousness and Kidney Disease, by Short & Haynes, druggists, at 50c a bottle.

His FIRST OFFENSE.

(Washington Post.) Senator McCrory of Kentucky was the victim yesterday of Irish wit from a Vermont Republican, Dennis Flynn, who brought the electoral vote of the Green Mountain state to Washington, was walking up the hill in company with the Kentucky Senator. Flynn is very hefty. Although not exceedingly tall, he is exceedingly broad, and the weight on the soles of his shoes is great. As the two approached the Senate entrance a gust of wind blew around the corner of the Capitol with the force of a hurricane and nearly swept Senator McCrory over backwards.

Flynn was quick to the rescue, seizing the Senator by either arm and pushing him into an upright position.

"Thank you. Thank you," said McCrory.

"Not a bit of it," retorted Flynn. "This is the first time in my life I ever supported a Democrat."

THREE DIE OF LAGRIPE.

Three persons, David Butler, Mrs. Frank Marshall, and Mrs. Joshua Glover, died at Utility, Hancock county, effects of lagripe, within twenty years.

Down In Hancock.

(Clarion.)

Caley's saloon opened on Saturday. Both Breckenridge papers are advertising picnics for next summer, with the thermometer at 80° F., so, this is a little short of disorderly conduct.

John Letts, candidate for the State Senate, was in town Saturday and Sunday. He mixes with the voters like an old timer and if he doesn't win the nomination it will not be for the lack of support in Hancock—also Breckenridge we are told.

A short time since the Hawesville Hub took the contract to haul an oak tree from Blackford bottoms to Hawesville for the J. V. Stimson company, of Owensboro, where it was loaded on cars. The tree consisted of three twelve-foot logs about four feet through. The value of timber at present in this county can better be appreciated when you are told that for the hauling alone they paid \$45. J. D. Cooper, on delivery at Hawesville, offered them \$50 for the first twelve-foot cut, but they wouldn't sell. The next log was equally as good. The Hub people handled the logs very nicely one at a time, on their big eight-wheel wagon with eight horses attached.

Now the Republican county attorney is to meet at hand, there being only six weeks time left in which to present their claims, interest is manifesting itself in Democratic circles. The Democrats seem to be resting on their oars, awaiting the turn of April.

The head of the Democratic ticket, of course, is of the most concern. A number of gentlemen have been "mentioned," but whether or not it was with their knowledge or consent we do not know.

The most prominently connected with this are the names of J. O. Madden and Steve Thrasher, of Lewisport. Judge Stephens, Sheriff E. G. Barnard and Mayor E. E. Miller, of Hawesville.

The body of men who met here Saturday to perfect a closely knit county

union of the American Society of Equity was as fine as we have seen. They were dreadfully in earnest and they believe in the equity and justice of every concession they are asking on their behalf from a monopoly which has utterly ground them to the limit. No man could enter the courthouse during any part of their sessions without being overwhelmed with their sincerity. They are anything but a body of charlatans and demagogues, and their efforts to secure a fair and reasonable price for the product of their sweat will meet with no part of an obstacle from thinking men. The Clarion is and has always been for them, and if we can help you, have only to suggest when, where and how.

Pleasant and Harmless.

Don't drag the stomach to cure a cough. One Minnie Cough Cure acts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quiet cure for Croup and Whooping Cough. One Minnie Cough Cure relieves a cough in one minute because it first cuts the mucus membrane right where the cough troubles—in the throat or deep-seated on the lungs. Sold by All Druggists.

Take-Down Repeating Shotguns

The notion one must pay from five dollars upwards in order to get a good shotgun has been effectively dispelled since the advent of the Winchester Repeating Shotgun. These guns are sold within reach of almost everybody's purse. They are safe, strong, reliable and handy. When it comes to shooting qualities no gun made beats them. They are made in 12 and 16 gauge. Step into a gun store and examine one.

DEATH IN MINE.

Over a hundred miners were entombed by an explosion in a mine near Birmingham, Ala., last week.

DR. CASSIDY DEAD.

Dr. R. J. Cassidy, of Cincinnati, the

patent medicine man, who is well

known in this county, is dead of

Bright's disease. Dr. Cassidy has

been a familiar figure at many terms

of circuit court, when he sold patent

medicine on the streets at Hardinsburg.

I reached Newstead.

Sheriff, too, almost as handsome and

as gifted as Byron, knew from more

than one experience the "pangs of rejec-

tion." After he had been expelled

from the school he attended, he fell

in love with his landlady's daughter,

Eliza Jenkins. But Eliza, even though he threatened to commit

suicide in his despair, refused to have

anything to do with him, and became

a few months later, having thought of

the threat, to get married to another

man. She sent him away.

When Sheridan, following the exam-

ple of many other amorous young men

fell over head and ears in love with

Miss Linley, the beautiful singer, "she

only laughed at his ardor and made

faces at him behind his back," and yet

he used "the same subtle artifice

tongue of his to such purpose that he

actually ran away with her to a French

inn and married her after fighting

several duels with his rivals and her

peers.

When Burke, the great politician and

one-time member of Tritton's col-

lege, Dublin, he is said to have had

more than one love disappointment.

His first infatuation was for the

daughter of a small publican, "whose

dark eyes fired the blood of the young

Irishman, but after a while she would

not have him, and he left her.

He then fell in love with the

daughter of a poor Irish settler in a

rude log cabin, and after a

clumsy failure to declare his love

to her in person penned with difficulty

one of his first letters, asking her wife

to become his wife.

He never received an answer to this

"clumsy effusion," as he afterward called it, but when next he met Bridget again he was determined to try another way.

She was much too good for him.

He declared to her that he wanted

to marry her, and she replied that

she was engaged to another man.

He then asked her if she would

marry him, and she said "no."

TOBACCO TRUST'S
ORGAN HARD HIT.Clarksville Leaf--Chronicle Is
Showing Up Editorial Antics
Of Western Tobacco Journal.

The Clarksville Leaf-Chronicle says of the Western Tobacco Journal: "It is time to realize that the editorial organization of the tobacco trust is a dead loss to the tobacco industry."

The Western Tobacco Journal, which does not try to conceal its position as the organ of the American Tobacco Company, is badly disgruntled over the "tied up" situation by the farmers' organizations. "We took a stand," it is said, "in regard to the editorial organizations, which would be read here with a billion interest and at the same time serve to strengthen the planters in holding fast. We are pleased to command this trust organ to the farmers which would keep them well posted on the doings of the trust. When the trust gets tired the Journal takes a spell of the blues and writes in sarcastic limitations. It encourages the trust to hope for a break down, because the banks are not in business for their health, and "the tug of war will come when tobacco, which is tied up for future sales at high prices, must be sold." That is when the pressure comes and then intimates that the trust will be in clover. From Hopkinsville the Journal learns that nothing is doing "excepting the Society of Equity in their operations of getting men to stick." At Princeton we are told that the Gallaher company has bought all the tobacco it wants, but Mr. John G. Orr, or the Imperial company, is still in the market. The "hill billies" are referred to as "underprivileged farmers" who have little independent farmers" crop have changed hands, or expect to do so."

However, the Journal discovers progress advancing from one-fourth to one-half cent all along the line, and grows frantic over the loud gasonade of the local papers in firing on the temperature of its members, calling for general assistance from merchants, bankers and all others they can get in, etc. Then this interesting paper goes on to ring the alarm over the merchants who can't hold out and must have their money.

The Journal, for the good of its trust friends, ought to come down in the "black patch" and learn what kind of stuff our people are made of—farmers, bankers and merchants. Our bankers have money to lend all the year, merchants are in good fix, able to carry heavy burdens all summer. Nobody out the trust wants to push planters to the wall, rather they want to get the worth of their tobacco and once more see the country flooded with money and prosperity. On every hand our people are all of one mind and bound together by the tie of mutual brotherhood, and while we have plenty of law and order, no man will dare to try to crush our "bands." Every magistrate, constable, sheriff, lawyer and jurymen in the land is on the side of the Farmers in this fight and the man who starts to oppose these people by law will wish himself in "Hell's Hole" before he gets through.

This wonderful "Prescription" imbues the entire nervous system with natural, healthy vitality; gives elastic vigor to the body; removes all nervousness in motherhood, and makes the coming of baby entirely free from danger and pain.

"I wish to state that I have used Doctor Pierce's Favorite Prescription with very good results. I am a widow with a small son, New Hampshire. Had been in poor health for years. My husband brought some of your Favorite Prescription and has carried me easily through my last two confinements. We are now blessed with two healthy children. Your Favorite Prescription has done more good than all the other treatment I have ever had."

BAD HEADACHES generally arise from bad stomach, bad breath, taste, coated tongue, some eruptions or belching of acid. This prescription, though not all present in every case, is a safe and simple remedy. Small doses, only one or two each day, of old Dr. Pierce's Pills, first put up by him over 20 years ago, and one or two a laudanum, three or four cathartics.

WART TO CONTINUE.

Berlin, Feb. 23.—The Emperor of Russia has elected to continue the war.

His position is absolutely firm, and the German court has been advised in that sense.

War will be pressed with the utmost energy, the domestic situation being now within the control of the authorities.

AT RACE AT ONCE.

Henderson, Ky., Feb. 23.—The committee of the organized tobacco growers awarded the contract for pricing 250,000 pounds to J. E. Rankin, Jr. The work will begin at once.

MISS COLLIE LIVED.

Miss Lillian Collie, daughter of Rev. D. L. Collie and well known in Louisville, where she lived during the several years of her father's pastorate, was united in marriage last Wednesday evening at Abeline, Texas, the present home of the family, to Mr. James Fuller Nall, of Elizabethtown, Ky. The ceremony was performed at the First M. E. church, South. Rev. A. P. Lyon, also formerly of Louisville, now of Elizabethtown, and pastor of the group, officiated.—Louisville Times.

Miss Collie is a sister of Mrs. P. L. King, of this city, and is well known here.

THOUSANDS HAVE KIDNEY TROUBLE
AND DON'T KNOW IT.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an undiagnosed condition of the kidneys: if it stains your linen it is evidence of kidney trouble; too frequent desire to urinate, or pain in the back, are also indications convincing proof that the kidneys and bladder are out of order.

What to Do.

There is considerable knowledge often expressed that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the kidneys, liver, bladder, etc., every part of the urinary system. It correctly holds water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, or overeating that unpleasantly affects the kidneys, especially often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp Root is soon manifested in high degree in its wonderful cures of the most distressing cases. If you need a medicine you should have the best.

You may send a sample of this wonderful discovery to Dr. Kilmer's

more about it, both sent

WONDERFUL CURE OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced

EIGHT DOCTORS

And Many Remedies Failed to do a Cent's Worth of Good

"I was troubled with sore hands, so sore that I would not get in water the pain would nearly set me crazy, this skin would peel off and the disease get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything, but could get no relief. I tried at least eight different doctors, but did not know as we had hands as we were when I got through doctoring as I began. I also tried many remedies, but none of them ever did me one cent worth of good. I would feel so bad mornings, to think I had to go to work and stand the pain for ten hours. I was a failure, a useless person. Before I started to work I would have to wrap every finger up separately, so as to try and keep the fingers from getting cold. Then when I went to the tags to keep the grease from getting off my work. At night I would have to wear gloves in fact, I had to wear gloves all the time. But thanks to Cuticura, that is all over now."

CURED FOR 50C.

"After doctoring for three years, and spending much money, a box of Cuticura Ointment ended all my trouble. I am now well again and since I am any, and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment."

Osman Stone, of May's Grove, was here Wednesday evening, the guest of Miss Luisa Scott.

Frank Bush is carrying the mail from here to Vine Grove for Messrs. Dorn & Collins, who have the contract.

Messrs. Smith and Horned, of the Boston Banking Co., of Boston, Mass., were last week prospecting for a bank.

James R. Clarkson had his salary February 22 and left with his family on Saturday for Crawfordsville, Ind., where he will reside.

Miss Old Mae Shumate's school closed Wednesday and she had an entertainment in the afternoon. The scholars acquitted themselves very creditably and had an old-fashioned pond party at the schoolhouse that night. There was quite a large crowd in attendance.

The number from Stith Williams attended the schoolhouse party Wednesday evening. Misses Mabel Scott and Emma Miller received a medal each for the highest average in their grades. Misses Ruth and Grace Russell received a book each for receiving the most head marks in their grades. Miss Malise Morris received a book for not being tardy and regular attendance. Master Schuyler Martin received a book for regular attendance.

A Destructive Fire.

To draw the fire out of a burn, or heat a cut without leaving a scar, use DeWitt's Wound Salve, a wonderful remedy. Get the remedy at J. L. Turner, editor of the "Harmonizer" Center, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by all Druggists.

When a pestilence overtakes our people we take protection as a nation to preserve the citizens against the dread disease.

The true fact that few grippe sufferers until they have used Peruna.

Never in the history of medicine has a remedy received such unequalled and universal eulogies as Peruna.

New Alderman's Experience.

Hon. Joseph A. Flinn, alderman Fifth District, writes from 101 Christopher Street, New York City, as follows:

"When a pestilence overtakes our people we take protection as a nation to preserve the citizens against the dread disease.

"La grippe has entered thousands of our homes and families. I noticed that people who used Peruna quickly recovered, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated.

Has come out of my system in a few days and did not hinder me from pursuing my daily work.

"I should like to see our Board of Health give it official recognition and have it more generally among our poor people in greater New York."—Joseph A. Flinn.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western Avenue, Minneapolis.

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe headache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do."

"One of my customers who was greatly helped by Peruna advised me to try it, and I purchased a bottle the same day. I used it faithfully and felt a marked improvement. I took five bottles, and then felt quite well. Now my health is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

"Following a severe attack of la grippe I left for the country and I noticed that people who used Peruna quickly recovered, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated.

"First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1904, and no return of it."

"After a severe attack of bronchitis I had to give up every winter for several winters. But, through the use of Peruna, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more."—O. H. Perry.

Peruna Medicine Co., Columbus, Ohio.

Gentlemen—"I am more than satisfied with Peruna. It is a safe, reliable and pleasant remedy for the grippe and the catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully,

George H. White,

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full account of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
